A huge congratulations on your engagement and upcoming wedding! This is such an exciting time for you and we hope to be able to help you with the styling of your special day.

At Willow & Fig, we aim to provide cutting edge design and an exceptional service at a reasonable price. We don't believe in the wedding tax and think that all of our couples deserve the very best without having to break the bank to achieve the perfect day. We love styling weddings and get so excited at the thought of helping our couples turn their dreams into a reality.

The run up to a wedding shouldn't be stressful - you should be able to relax with family and friends safe in the knowledge that your expert stylists have everything in hand. We want to give our couples access to an amazing styling service and prop hire list with none of the hassle and at a fraction of the cost of the price of buying new. We deliver, set up and clear away as part of the hire price and we can even put out your items for you too.

We genuinely believe that no two weddings should be the same and your wedding should be as individual as you are. That's why we like to meet you on a no obligation basis to talk through your ideas for the styling of your big day so that we can come up with a bespoke design plan which reflects your tastes and personalities.

We've set out below some of the items we offer along with some prices however we are constantly adding to our stock list so if there's something that you want that you don't see here, just let us know and we'll try our best to source it for you.

Happy planning!
